

Finish in Four Program

with Thomas Edison State College

Program Benefits:

- Learner-centered environment
- Extensive clinical experience
- Seamless transition to BSN
- Thomas Edison State College courses are online 24/7
- Save time and money

FINISH YOUR BSN IN FOUR YEARS

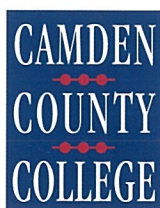

Finish in Four is a collaboration between Camden County College, Our Lady of Lourdes School of Nursing, and the W. Cary Edwards School of Nursing at Thomas Edison State College. It enables students to complete a Bachelor of Science in Nursing (BSN) degree in just four years.

This dual admission nursing program allows students to transfer and apply up to 80 credits earned in the nursing cooperative program offered by Camden County College and Our Lady of Lourdes School of Nursing to the online RN-BSN program at Thomas Edison State College. The collaboration provides a seamless transition for students enrolled in the nursing cooperative program, where they complete a nursing diploma and an associate of science degree.

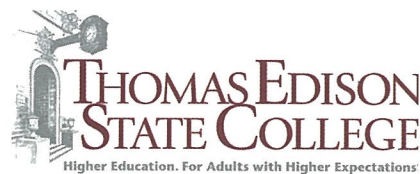

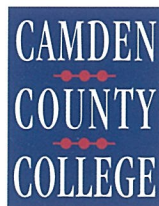

Students enrolled in the cohort-based program are granted conditional acceptance to the RN-BSN program at Thomas Edison State College when they begin the nursing cooperative program. Students gain full acceptance once they complete the nursing diploma and associate of science degree, as well as pass the National Council Licensure Examination for Registered Nurses (NCLEX-RN).

Students enrolled under the Finish in Four collaboration receive discounted tuition and a deferred payment option.
